

PEACE DELEGATES WILL BE IN PARIS SATURDAY

By FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, Dec. 9.—The peace delegates of all the powers are expected to reach Paris by the end of this week. The date for the opening of the Inter-Allied preliminary conference, however, will not be set until after President Wilson's arrival.

Paris is becoming more congested every day. All hotels are filled to capacity and beds have been put into bath rooms, corridors and store rooms. Prices of everything are skyrocketing.

The aspect of the entire city has changed within a fortnight from war to peace. Stores are displaying big electric signs for the first time in four years. Show windows are showing more civilian and less military apparel. New theatres are being opened throughout the city. The revived taxis are at a premium and the subways are crowded. The city is almost on the verge of panic.

The authorities are trying to untangle the worst cable congestion on record. The mechanical problem of getting news of the conference to America is stupendous. The housing of hundreds of correspondents and other Americans is also perplexing.

BERLIN ARMS TEN THOUSAND TROOPS FOR PROTECTION AGAINST BOLSHEVISTS

By United Press

COPENHAGEN, Dec. 9.—Ten thousand members of the Republican guards were ordered under arms in Berlin last night to quell rioting there, according to dispatches received from that city today. The best Bolsheviki organizers from Russia are arriving in Berlin to aid the Spartak group. Among them is said to be "Lewine". It is not known whether this is a misspelling for Premier Lenin's name.

COPENHAGEN, Dec. 9.—The Spartak group mobbed the Socialists in Munich and compelled the police to promise to not molest them, according to dispatches from that city today.

NATIONAL RAILWAY SYSTEM UNDER FEDERAL INCORPORATION PROPOSED

By United Press

WASHINGTON, Dec. 9.—A national railway system under federal incorporation and charter but not owned by the government is provided for in a bill introduced in the House today by Representative Gray of New Jersey. The plan is unlike any other that has been submitted and in the opinion of Gray furnishes a solution of the railway problem.

WAR DEPARTMENT WILL NOT FAVOR UNIVERSAL MILITARY TRAINING NOW

By United Press

WASHINGTON, Dec. 9.—The War Department will soon ask Congress to authorize a peace time standing army of a half million men according to present plans. The Department does not contemplate recommending universal military training. These are the present plans of the Department's contemplated army reorganization, according to sources in touch with Secretary Baker and Chief of Staff March.

The question of whether the National Guard shall be revised or whether some other organization will replace it has not been fully worked out yet.

ALLIED SEA COMMISSION WILL SEE THAT ALL HUN SHIPS ARE SECURED

(By United Press)

AMSTERDAM, Dec. 9.—The following dispatch was received today from Berlin: "An Allied sea commission will proceed to Hamburg to inspect and demand surrender of all interned Entente vessels as well as war ships under construction. It is believed these demands are in excess of the terms of the armistice."

SWEDEN SEVERS DIPLOMATIC RELATIONS WITH RUSSIA'S BOLSHEVIKI GOVERNMENT

By United Press

LONDON, Dec. 9.—Sweden has severed diplomatic relations with the Bolsheviki, according to an Exchange Telegraph dispatch today from Copenhagen. The Swedish foreign office has requested M. Vorofski, Bolsheviki minister, to leave Stockholm immediately.

HOSPITAL PATIENTS WILL EAT VENISON

The patients at the Clearfield hospital will feast on deer meat today as the result of the activities of a couple of members of the Clearfield County Hunters' association. Sunday morning while about the Pennsylvania station waiting for the morning train east Messrs. Hobart Callahan and L. C. Norris, secretary of the Hunters' Association noticed a buck and doe deer on the truck of the Federal Express company awaiting shipment. A glance at the consignment tag showed that the doe was consigned to the Clearfield hospital in care of Robert Weller, Canonsburg, Pa. Inquiry developed that the deer was shipped from Shawville.

The law says all illegal deer killed must be confiscated when found and sent to the nearest hospital and as this was not complied with and the shipping tag and directions failed to comply with the law in other particulars, the gentlemen named felt that something was wrong and asked Agent Reese to hold up the shipment for investigation. "This the agent refused to do and the state constabulary was appealed to. The officer in charge here secured the deer and placed it in Woods Bros. cold storage until the matter could be properly determined.

In the meantime word was received that a second doe had been shot on the mountains north of town and was then being prepared by Deputy Game Warden Selfridge for shipment to a hospital at Erie, Pa. The state policemen called the state house on the phone and asked Mr. Nelson to get Selfridge to the phone for him in order that he might hold up the shipment. Later the game warden drove by the state house in his car with the deer on his way to Penfield to ship same but refused to stop to talk to the state policemen, the word coming back that he did not have time to stop and the deer was taken to Penfield and shipped to Erie.

This morning Secretary Norris called Dr. Kalbfus, secretary of the State Game Commission on the telephone and after explaining the circumstances was directed by that gentleman to have the deer delivered to the Clearfield hospital.

PEACE TALK WILL BEGIN JANUARY 3D

By Ed L. Keen

Paris, Dec. 9.—The formal session of the associated governments conference will begin about January 3, it was believed here today. They will be held in the French foreign office and will continue five to six weeks. After fully formulating the peace terms the German government will be invited to send their delegates to Versailles where the general peace conference will take place.

The peace conference will be largely a mere formality as Germany will accept the terms without much quibbling inasmuch as she has acknowledged she is beaten and unable to resume hostilities in any event.

In the meantime Premier Lloyd George and Foreign Secretary Balfour will visit Paris next week and informally confer with President Wilson, Colonel House and other American representatives.

There will be similar conferences with Premier Clemenceau and other Frenchmen. Also with Premier Orlando and Foreign Secretary Scovino who will accompany King Victor Emmanuel to this city.

Owing to the French people's enthusiasm for President Wilson and the desire to give him an appropriate ovation the visit of the Italian king has been set for December 19. He will remain until Christmas when the President hopes to visit and address the American soldiers and inspect the devastated region.

CLEARFIELD BOY MARRIED AT WILLIAMSPORT

Frank Ross a former well known Third ward resident and Miss Mary Seitzer of Williamsport were recently united in marriage at the home of the bride in that city.

Mr. and Mrs. James Lafferty left this morning for Hancock, Mr. Lafferty having been called there by the death of Mrs. Lafferty's mother.

RECEIVED HIS CHRISTMAS PRESENT EARLY

Wesley Lansberry the West Side drayman, says old Santa Claus is so rushed this season that he has already begun to send his Christmas presents around. He can prove his story, too. "Wes," like the kiddo in the story wrote old Kris Kringle some time ago telling what he wanted for Christmas. The message arrived O. K. but on account of press of business a part of this year's distribution was turned over to old Dr. Stork, one of Santa's nearest neighbors and best friends. The old doctor squinted thru his specks and mistaking the date on the calendar, delivered the Lansberry Christmas present Sunday morning last. It is a fine big boy and Wes is worried now trying to decide whether to call him Wesley Jr., or Woodrow W.

A CORRECTION

There were several mistakes in the Cooper township Red Cross report. The Larue report should have been as follows:

20 Sweaters, 30 pair socks, 4 mufflers, 6 barrels of clothing were sent to the Belgians. There are 29 Red Cross members.

MANY DEER FALL AT CRACK OF RIFLES

Ideal Weather Conditions of First Week of Season Takes Many Hunters To Woods

CLEARFIELD HUNTERS LUCKY

The first week of the deer season of 1918 closed Saturday last. The weather throughout the week was ideal for hunting and the mountains swarmed with hunters. Four inches of snow fell Monday night and Tuesday and as a result of this "tracking snow" many lordly old bucks were brought to earth.

The hunters generally observed the law carefully and "saw the horns before they shot." However an over-anxious fellow or two got into trouble by shooting too quick and found his buck was a doe after the rifle cracked.

State Game Protector Kelly was alert and had lots of assistants on the job with the result that several of these "unfortunate" hunters were forced to step up to the cashier's office and pay for their "dear meat."

Clarence Kiel of DuBois, pulled the "prize bone" of the season and slaughtered a fine big bull elk in his take for a deer. He was assessed an paid \$250 for his error of judgment.

A. W. Gearhart, of Philipsburg, guest at the Crystal Springs camp also got himself in wrong by mistaking a doe for a buck. His aim was much better than his judgment and he paid \$100 to satisfy the law in the case.

The elk and deer were sent to the DuBois hospital by Game Protector Kelley's direction as the law specifies: that in all cases of illegal killing of elk or deer the game is confiscated and shipped by the Game Warden capturing it, to the nearest hospital.

A large number of deer were killed during the week.

The Jury Mill camp secured five fine bucks up to Thursday evening. Crystal Springs camp got their first buck on Saturday afternoon.

The Prairie Rocks boys had three bucks by Thursday evening. The Panther camp had one by Wednesday.

The Carns camp at the head of Stone Run had two bucks by Thursday evening.

The Irona boys at Alex Wallace's got one buck. The Grampian crew at the old Hardestell camp on Stone Run landed a 225 pound buck which sported nine points Thursday afternoon.

A bunch of visiting hunters at Frank Johnson's in Pine township had four bucks Friday.

The Curvenville boys on Mont gomery got two, the Schrote boys on Moose creek and the Wallaceon camp in the same section each reported one on Saturday.

There were many more killed which we have not heard of and the season of 1918 promises to be one of the most successful seasons in recent years.

COUNTY TREASURER L'INE LANDS FINE BUCK

County Treasurer A. L. Kline who was hunting at Crystal Springs camp killed a fine big four-point buck Saturday afternoon on the headwaters of Lick Run. The buck was one of the largest slain on the mountains this season.

FRENCHVILLE AND BALD HILL CHURCHES WILL OPEN

The Catholic church at Frenchville will open on Sunday December 15th with mass at 9 o'clock. The Sacred Heart church at Bald Hill will also open on Sunday, December 15th. Mass will be celebrated at 10:30 o'clock.

COAL MINE ON FIRE

The air shaft and fan house at the coal mine of the Paterson Clay Products company were destroyed by fire the forepart of the week. The fire communicated to the coal in the mine and it took several days of hard work to overcome the flames and prevent the burning of the coal before it was mined.

Peru has an army of fewer than 7,000 officers and men, but the force is said to be well equipped with modern arms and has had the benefit of training from French military instructors.

Help Wanted

BY THE CLEARFIELD HOSPITAL

Now that the war is over our people have time to turn their attention to some of our local institutions, and we trust, some money left, to give them the help they very much need.

The Clearfield Hospital is an institution whose splendid work does not need to be proved to the people of this community—and the people of this community have always responded to the appeal of the Hospital when it needed help.

On account of the high costs of all surgical supplies, other supplies, and in general the cost of living, this institution needs help now.

You will see later, in the columns of this paper, a statement of some of the work this hospital has done.

MANHATTAN PLAYERS OPENING TONIGHT

It looks as though the circus were in town today. Trucks are hauling the huge scenery to the Driggs theatre for the opening of the Manhattan players tonight. The company is well and favorably known here and judging by the big advance sale the Manhattans will enjoy their most profitable week in Clearfield. Tonight the Manhattans will appear in William F. Burke's delightful comedy of youth and adventure A Young Girl's Romance. Numerous musical numbers will be introduced between acts. During the entire week only the very best comedies and dramas will be produced. Each play will be given a scenic production that will rival the average two dollar attraction. Seats for tonight are selling rapidly. Better hurry is good sound advice.

THE FLU CONTINUES ON THE INCREASE

The influenza continues to rage in and about Clearfield these days and the end of the epidemic appears to be far from sight.

The reports to Secretary Wall of the Health Board show there was a total of 53 new cases reported on Saturday. The reports for Sunday showed 34 new cases in with two doctors to hear from. While all these new cases are not in the town proper they are all in this immediate vicinity and should serve to emphasize the need for very careful attention to all quarantine and sanitary rules.

There was one death at the emergency hospital Sunday morning, that of Milton Barger, of Clearfield, aged 58 years, who had been an inmate but two or three days.

HELPERS BADLY NEEDED FOR FAMILIES HAVING INFLUENZA

Three of the nurses in the Emergency hospital have the influenza, so the well ones left are overworked. Besides it is bad for flu patient, to move them.

But when the whole family including the mother get sick at home with nobody to care for them it is pretty hard.

Such cases are occurring nearly every day. Persons willing to go and work in such homes are asked to call the Secretary of the Board of Health, 67 H. & C. phone. Those needing help will be supplied in so far as possible. The situation is very serious.

The Question Of The Hour

PEACE DELEGATES WILL BE IN PARIS SATURDAY

By FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, Dec. 9.—The peace delegates of all the powers are expected to reach Paris by the end of this week. The date for the opening of the Inter-Allied preliminary conference, however, will not be set until after President Wilson's arrival.

Paris is becoming more congested every day. All hotels are filled to capacity and beds have been put into bath rooms, corridors and store rooms. Prices of everything are skyrocketing.

The aspect of the entire city has changed within a fortnight from war to peace. Stores are displaying big electric signs for the first time in four years. Show windows are showing more civilian and less military apparel. New theatres are being opened throughout the city. The revived taxis are at a premium and the subways are crowded. The city is almost on the verge of panic.

The authorities are trying to untangle the worst cable congestion on record. The mechanical problem of getting news of the conference to America is stupendous. The housing of hundreds of correspondents and other Americans is also perplexing.

BERLIN ARMS TEN THOUSAND TROOPS FOR PROTECTION AGAINST BOLSHEVISTS

By United Press

COPENHAGEN, Dec. 9.—Ten thousand members of the Republican guards were ordered under arms in Berlin last night to quell rioting there, according to dispatches received from that city today. The best Bolsheviki organizers from Russia are arriving in Berlin to aid the Spartak group. Among them is said to be "Lewine". It is not known whether this is a misspelling for Premier Lenin's name.

COPENHAGEN, Dec. 9.—The Spartak group mobbed the Socialists in Munich and compelled the police to promise to not molest them, according to dispatches from that city today.

NATIONAL RAILWAY SYSTEM UNDER FEDERAL INCORPORATION PROPOSED

By United Press

WASHINGTON, Dec. 9.—A national railway system under federal incorporation and charter but not owned by the government is provided for in a bill introduced in the House today by Representative Gray of New Jersey. The plan is unlike any other that has been submitted and in the opinion of Gray furnishes a solution of the railway problem.

WAR DEPARTMENT WILL NOT FAVOR UNIVERSAL MILITARY TRAINING NOW

By United Press

WASHINGTON, Dec. 9.—The War Department will soon ask Congress to authorize a peace time standing army of a half million men according to present plans. The Department does not contemplate recommending universal military training. These are the present plans of the Department's contemplated army reorganization, according to sources in touch with Secretary Baker and Chief of Staff March.

The question of whether the National Guard shall be revised or whether some other organization will replace it has not been fully worked out yet.

ALLIED SEA COMMISSION WILL SEE THAT ALL HUN SHIPS ARE SECURED

By United Press

AMSTERDAM, Dec. 9.—The following dispatch was received today from Berlin: "An Allied sea commission will proceed to Hamburg to inspect and demand surrender of all interned Entente vessels as well as war ships under construction. It is believed these demands are in excess of the terms of the armistice."

SWEDEN SEVERS DIPLOMATIC RELATIONS WITH RUSSIA'S BOLSHEVIKI GOVERNMENT

By United Press

LONDON, Dec. 9.—Sweden has severed diplomatic relations with the Bolsheviki, according to an Exchange Telegraph dispatch today from Copenhagen. The Swedish foreign office has requested M. Vorofski, Bolsheviki minister, to leave Stockholm immediately.

HOSPITAL PATIENTS WILL EAT VENISON

The patients at the Clearfield hospital will feast on deer meat today as the result of the activities of a couple of members of the Clearfield County Hunters' association. Sunday morning while about the Pennsylvania station waiting for the morning train east Messrs. Hobart Callahan and L. C. Norris, secretary of the Hunters' Association noticed a buck and doe deer on the truck of the Federal Express company awaiting shipment. A glance at the consignment tag showed that the doe was consigned to the Clearfield hospital in care of Robert Weller, Canonsburg, Pa. Inquiry developed that the deer was shipped from Shawville.

The law says all illegal deer killed must be confiscated when found and sent to the nearest hospital and as this was not complied with and the shipping tag and directions failed to comply with the law in other particulars, the gentlemen named felt that something was wrong and asked Agent Reese to hold up the shipment for investigation. "This the agent refused to do and the state constabulary was appealed to. The officer in charge here secured the deer and placed it in Woods Bros. cold storage until the matter could be properly determined.

In the meantime word was received that a second doe had been shot on the mountains north of town and was then being prepared by Deputy Game Warden Selfridge for shipment to a hospital at Erie, Pa. The state policemen called the state house on the phone and asked Mr. Nelson to get Selfridge to the phone for him in order that he might hold up the shipment. Later the game warden drove by the state house in his car with the deer on his way to Penfield to ship same but refused to stop to talk to the state policemen, the word coming back that he did not have time to stop and the deer was taken to Penfield and shipped to Erie.

This morning Secretary Norris called Dr. Kalbfus, secretary of the State Game Commission on the telephone and after explaining the circumstances was directed by that gentleman to have the deer delivered to the Clearfield hospital.

PEACE TALK WILL BEGIN JANUARY 3D

By Ed L. Keen

Paris, Dec. 9.—The formal session of the associated governments conference will begin about January 3, it was believed here today. They will be held in the French foreign office and will continue five to six weeks. After fully formulating the peace terms the German government will be invited to send their delegates to Versailles where the general peace conference will take place.

The peace conference will be largely a mere formality as Germany will accept the terms without much quibbling inasmuch as she has acknowledged she is beaten and unable to resume hostilities in any event.

In the meantime Premier Lloyd George and Foreign Secretary Balfour will visit Paris next week and informally confer with President Wilson, Colonel House and other American representatives.

There will be similar conferences with Premier Clemenceau and other Frenchmen. Also with Premier Orlando and Foreign Secretary Scovino who will accompany King Victor Emmanuel to this city.

Owing to the French people's enthusiasm for President Wilson and the desire to give him an appropriate ovation the visit of the Italian king has been set for December 19. He will remain until Christmas when the President hopes to visit and address the American soldiers and inspect the devastated region.

RECEIVED HIS CHRISTMAS PRESENT EARLY

Wesley Lansberry the West Side drayman, says old Santa Claus is so rushed this season that he has already begun to send his Christmas presents around. He can prove his story, too. "Wes," like the kiddo in the story wrote old Kris Kringle some time ago telling what he wanted for Christmas. The message arrived O. K. but on account of press of business a part of this year's distribution was turned over to old Dr. Stork, one of Santa's nearest neighbors and best friends. The old doctor squinted thru his specks and mistaking the date on the calendar, delivered the Lansberry Christmas present Sunday morning last. It is a fine big boy and Wes is worried now trying to decide whether to call him Wesley Jr., or Woodrow W.

MANY DEER FALL AT CRACK OF RIFLES

Ideal Weather Conditions of First Week of Season Takes Many Hunters To Woods

CLEARFIELD HUNTERS LUCKY

The first week of the deer season of 1918 closed Saturday last. The weather throughout the week was ideal for hunting and the mountains swarmed with hunters. Four inches of snow fell Monday night and Tuesday and as a result of this "tracking snow" many lordly old bucks were brought to earth.

The hunters generally observed the law carefully and "saw the horns before they shot." However an over-anxious fellow or two got into trouble by shooting too quick and found his buck was a doe after the rifle cracked.

State Game Protector Kelly was alert and had lots of assistants on the job with the result that several of these "unfortunate" hunters were forced to step up to the cashier's office and pay for their "dear meat."

Clarence Kiel of DuBois, pulled the "prize bone" of the season and slaughtered a fine big bull elk in his take for a deer. He was assessed an paid \$250 for his error of judgment.

A. W. Gearhart, of Philipsburg, a guest at the Crystal Springs camp also got himself in wrong by mistaking a doe for a buck. His aim was much better than his judgment and he paid \$100 to satisfy the law in the case.

The elk and deer were sent to the DuBois hospital by Game Protector Kelley's direction as the law specifies: that in all cases of illegal killing of elk or deer the game is confiscated and shipped by the Game Warden capturing it, to the nearest hospital.

A large number of deer were killed during the week.

The Jury Mill camp secured five fine bucks up to Thursday evening. Crystal Springs camp got their first buck on Saturday afternoon.

The Prairie Rocks boys had three bucks by Thursday evening. The Panther camp had one by Wednesday.

The Carns camp at the head of Stone Run had two bucks by Thursday evening.

The Irona boys at Alex Wallace's got one buck. The Grampian crew at the old Hardseshell camp on Stone Run landed a 225 pound buck which sported nine points Thursday afternoon.

A bunch of visiting hunters at Frank Johnson's in Pine township had four bucks Friday.

The Curvenville boys on Mont gomery got two, the Schrote boys on Moose creek and the Wallaceon camp in the same section each reported one on Saturday.

There were many more killed which we have not heard of and the season of 1918 promises to be one of the most successful seasons in recent years.

COUNTY TREASURER L'INE LANDS FINE BUCK

County Treasurer A. L. Kline who was hunting at Crystal Springs camp killed a fine big four-point buck Saturday afternoon on the headwaters of Lick Run. The buck was one of the largest slain on the mountains this season.

FRENCHVILLE AND BALD HILL CHURCHES WILL OPEN

The Catholic church at Frenchville will open on Sunday December 15th with mass at 9 o'clock. The Sacred Heart church at Bald Hill will also open on Sunday, December 15th. Mass will be celebrated at 10:30 o'clock.

COAL MINE ON FIRE

The air shaft and fan house at the coal mine of the Paterson Clay Products company were destroyed by fire the forepart of the week. The fire communicated to the coal in the mine and it took several days of hard work to overcome the flames and prevent the burning of the coal before it was mined.

Peru has an army of fewer than 7,000 officers and men, but the force is said to be well equipped with modern arms and has had the benefit of training from French military instructors.

Help Wanted

BY THE CLEARFIELD HOSPITAL

Now that the war is over our people have time to turn their attention to some of our local institutions, and we trust, some money left, to give them the help they very much need.

The Clearfield Hospital is an institution whose splendid work does not need to be proved to the people of this community—and the people of this community have always responded to the appeal of the Hospital when it needed help.

On account of the high costs of all surgical supplies, other supplies, and in general the cost of living, this institution needs help now.

You will see later, in the columns of this paper, a statement of some of the work this hospital has done.

Make this a Red Cross Christmas

The happiest, merriest Christmas the world ever knew is almost here. But in the rejoicings of peace and freedom there is one note of seriousness that America must not forget—there is misery and distress and sickness all over the world. Relief must be given. The work of the Red Cross MUST go on. And to carry on, the Red Cross MUST have the support of your membership.

MANHATTAN PLAYERS OPENING TONIGHT

It looks as though the circus were in town today. Trucks are hauling the huge scenery to the Driggs theatre for the opening of the Manhattan players tonight. The company is well and favorably known here and judging by the big advance sale the Manhattans will enjoy their most profitable week in Clearfield. Tonight the Manhattans will appear in William F. Burke's delightful comedy of youth and adventure A Young Girl's Romance. Numerous musical numbers will be introduced between acts. During the entire week only the very best comedies and dramas will be produced. Each play will be given a scenic production that will rival the average two dollar attraction. Seats for tonight are selling rapidly. Better hurry is good sound advice.

NOTICE

On account of the epidemic of influenza there will be no meeting of the Clearfield County Medical society until January.

WILLIAMSPORT COMMERCIAL COLLEGE

Winter term begins January 7th. All new classes. Now is an excellent time for young people to get a business education. Salaries are good and positions are numerous. The government is still calling for bookkeepers and stenographers. Business men want them too. Send for our catalogue. D9-11 F. F. HEALEY Proprietor

THE FLU CONTINUES ON THE INCREASE

The influenza continues to rage in and about Clearfield these days and the end of the epidemic appears to be far from sight.

The reports to Secretary Wall of the Health Board show there was a total of 53 new cases reported on Saturday. The reports for Sunday showed 34 new cases in with two doctors to hear from. While all these new cases are not in the town proper they are all in this immediate vicinity and should serve to emphasize the need for very careful attention to all quarantine and sanitary rules.

There was one death at the emergency hospital Sunday morning, that of Milton Barger, of Clearfield, aged 58 years, who had been an inmate but two or three days.

HELPERS BADLY NEEDED FOR FAMILIES HAVING INFLUENZA

Three of the nurses in the Emergency hospital have the influenza, so the well ones left are overworked.

Besides it is bad for flu patient, to move them.

But when the whole family including the mother get sick at home with nobody to care for them it is pretty hard. Such cases are occurring nearly every day. Persons willing to go and work in such homes are asked to call the Secretary of the Board of Health, 67 H. & C. phone. Those needing help will be supplied in so far as possible. The situation is very serious.

The Question Of The Hour

MILTON BARGER A FLU VICTIM

Milton Barger died at the emergency hospital Sunday morning of pneumonia following an attack of influenza. The deceased had been employed as manager of the stables of the Clearfield milk depot in rear of the Windsor hotel. He was taken to the hospital in a very serious condition on Friday last.

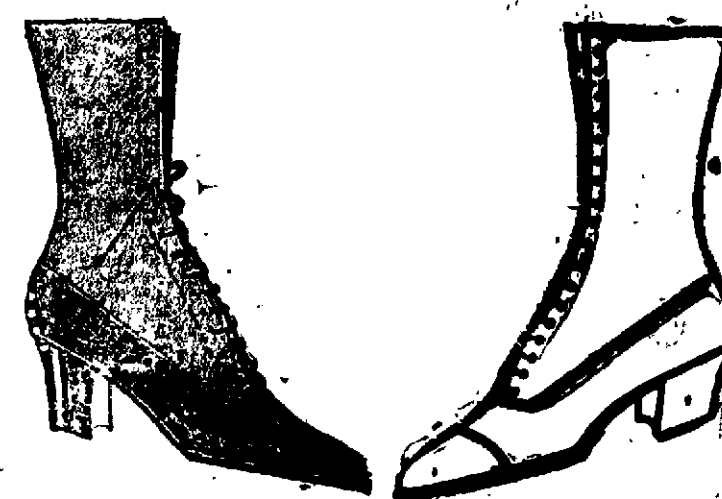

Milton Barger was the son of the late Samuel Barger and was born and raised in Clearfield. He was employed about the different livery stables of this section and also followed rac-

ing practically all his life. He was 58 years of age and unmarried. He is survived by four brothers, Edward, Harry, Dock and Jackson Barger all of whom reside in the west.
